

# Housing Supply Overview

A RESEARCH TOOL PROVIDED BY SOUTH CAROLINA REALTORS®

## February 2016

Inventory is the primary need as we work our way into 2016. The total months of supply in many housing categories and price ranges is too low to sustain a balanced market. For the 12-month period spanning March 2015 through February 2016, Pending Sales in the state of South Carolina were up 17.0 percent overall. The price range with the largest gain in sales was the \$300,001 and Above range, where they increased 39.7 percent.

The overall Median Sales Price was up 8.7 percent to \$172,900. The property type with the largest price gain was the Single-Family Homes segment, where prices increased 9.4 percent to \$182,750. The price range that tended to sell the quickest was the \$150,001 to \$200,000 range at 96 days; the price range that tended to sell the slowest was the \$300,001 and Above range at 121 days.

Market-wide, inventory levels were down 6.8 percent. The property type that lost the least inventory was the Condos segment, where it decreased 6.9 percent. That amounts to 5.4 months supply for Single-Family homes and 6.6 months supply for Condos.
