

Housing Supply Overview

A RESEARCH TOOL PROVIDED BY SOUTH CAROLINA REALTORS®

August 2016

Closed sales are not the bright spot they once were, but prices indicate that sales declines are not due to a lack of demand. The need for more inventory continues. Builders are beginning to hear the call, but more sellers are wanted as well. For the 12-month period spanning September 2015 through August 2016, Pending Sales in the state of South Carolina were up 5.0 percent overall. The price range with the largest gain in sales was the \$200,001 to \$300,000 range, where they increased 13.8 percent.

The overall Median Sales Price was up 5.2 percent to \$177,500. The property type with the largest price gain was the Single-Family Homes segment, where prices increased 6.2 percent to \$187,500. The price range that tended to sell the quickest was the \$150,001 to \$200,000 range at 91 days; the price range that tended to sell the slowest was the \$300,001 and Above range at 115 days.

Market-wide, inventory levels were down 5.9 percent. The property type that lost the least inventory was the Condos segment, where it decreased 3.3 percent. That amounts to 5.4 months supply for Single-Family homes and 6.3 months supply for Condos.
